ARCHITECTURAL DIGEST

Morphogenesis's two decades in sustainable design practice takes the form of a monograph

(Right) Internal view of DAG Gallery; (Left) Morphogenesis: The Indian Perspective. The Global Context (The Master Architect Series).

The book, launched under the Master Architect Series by Images Publishing Australia, is a showcase of the studio's vast range of typologies that are highlighted in three categories: passive design, resource optimisation, and contextual Identity—with sustainability as the overarching theme.
