## TANYA SINGH STUDIO

MUMBAI/MILAN

**Ongoing Projects:** The architecture, interiors, and landscaping of a villa in Bengaluru; a new furniture collection; several residential apartments in Mumbai.

**Sustainability in Action:** "These days, we are intensely involved in permaculture and the design of sustainable ecosystems at the villa scale. Water, air, energy, materials, plants, soil—we're working closely with international masters in the field," says Singh. [tanyasingh.com](http://tanyasingh.com)

## SANJAY PURI ARCHITECTS

MUMBAI

**Sourcing Haunts:** FCML and Good Earth in Mumbai; Klove in New Delhi. **Craft Initiatives:** Puri is working with local stonemasons for a Jodhpur-stone house in Rajasthan, and for several projects in Nashik, Maharashtra, that are being constructed with locally found black basalt stone. For a resort in Khardi, Maharashtra, he is collaborating with craftsmen who work with bamboo.

## MORPHOGENESIS

Sonali and Manit Rastogi  
NEW DELHI

**Sustainability in Action:** Tucked away in the Himalayan foothills is a new net-zero facility for Forest Essentials that's emblematic of the brand's ayurvedic underpinnings. With a meditative material palette of local stone and wood, the project took cues from local, traditional construction techniques. **Sourcing Haunts:** Internationally, customized furniture from Belgium; in the country, Shades of India and Sogani. ## LAB

Shonan Purie Trehan  
MUMBAI

**Recent Projects:** A home in Hampi for Tarini Jindal; a house on a permaculture farm in Bengaluru.

**Coming Up:** Private residences in Goa, Kamshet and Vadodara; a restaurant in New Delhi; hospitals in Patna and Noida. **Design Icon:** James Turrell, "for his dexterity with light and space". [labwerk.in](http://labwerk.in)

## MALIK ARCHITECTURE

Kamal and Arjun Malik  
MUMBAI

**Project in Focus:** With their design for this New Delhi residence (*left*), Malik Architecture tempers the building's connection to nature. A central courtyard is structured as a labyrinth of lateral and vertical volumes that dissipates natural light across the interiors, while also balancing the temperature within the house.

**Recent Projects:** A wellness retreat in Alibag, a resort in Lonavala, a weekend home in Palghar—all in Maharashtra.

**Favourite Room:** The chapel at the Convent of La Tourette by Le Corbusier.
